**■ M. Reading 1 (3)**

An effective way to enjoy a better lifestyle is having healthy relationships with others. A recent research has shown that a good social life decreases the risk of death. Sadly, some people do not visit their relatives very often these days. They are really busy with their work and usually use technology to communicate. There are many other things people can do to live healthier and longer. The key point, however, is having a plan for the way they want to live and take care of their physical and emotional health.

33- Having healthy relationships with others is the only way to have a happier life.

■ ■ **N. Reading 2 (2)**

Language means everything to us because nothing happens without communication. There are 7000 languages and 2000 of them are African. Africans' way of communication is 80% oral and 20% written. In just eight countries on earth people speak half of the world's languages. Interestingly, half of the number of all languages is endangered in our modern world. Do you know that most people are bilingual which means they can speak one language more than their first language? That's also good to know that in 1991, UK researchers said that 181 languages had fewer than 10 speakers, and people of Asia and Pacific Islands spoke 50% of all languages.

39- People of the world can't communicate without these ..... languages.
